

# Competency Criteria for Fire Risk Assessors

COMMENT FORM - please return by 7<sup>th</sup> September 2011

Following widespread calls for a benchmark of competency for fire risk assessors a voluntary group of 30 fire industry stakeholder organisations has formed to create a Fire Risk Assessment Competency Council. This group has prepared a draft 'Competency Criteria for Fire Risk Assessors'.

It is anticipated that these criteria will be used by professional bodies and third party certification bodies that register or certificate fire risk assessors and commercial companies that provide fire risk assessment services.

This consultation is now seeking all stakeholder views on the extent to which the draft criteria defines a competent fire risk assessor.

Consideration will be given to all consultation feedback. The final decision on whether to include suggestions and amendments or to reject them will be made by the Fire Risk Assessment Competency Council.

Please send completed forms back to the Fire Risk Assessment Competency Council at [FRACompetencyCouncil@gmail.com](mailto:FRACompetencyCouncil@gmail.com) no later than 7<sup>th</sup> September 2011.
